

# One source. Multiple solutions.

Wherever your research takes you, whatever the latest technology, you can rely on our real-industry expertise and high quality, trusted products. Together, we can create long-lasting partnerships that stand the test of time and technology.

**YOUR ADVOCATE  
FOR THE GENOMICS AGE**

custom oligos • qPCR • next generation sequencing • RNAi • genes & gene fragments • CRISPR genome editing

# One source. Multiple solutions.

## Custom oligos

Custom DNA and RNA oligos  
oPools Oligo Pools  
Ultramer DNA and RNA oligos  
SameDay Oligos  
RxnReady Primer Pools  
HOTplates expedited services  
Large-scale synthesis (gram quantities)  
GMP oligos  
>500 modifications and modified bases

## Next generation sequencing

Lotus DNA Library Prep Kit  
xGen custom target capture probes  
rhAmpSeq amplicon sequencing  
xGen Predesigned Gene Capture Pools  
xGen Exome Research Panel  
xGen Lockdown Panels  
xGen Hybridization and Wash Kit  
xGen Universal Blockers  
xGen Dual Index UMI Adapters  
Custom NGS adapters

## CRISPR genome editing

Alt-R CRISPR Systems  
Alt-R guide RNAs (2-part and sgRNA)  
Alt-R S.p. Cas9 & HiFi Cas9 nuclease  
Alt-R A.s. Cas12a (Cpf1) Nuclease  
Alt-R S.p. Cas9 nickases

## Genes & gene fragments

gBlocks Gene Fragments  
Custom gene synthesis  
Megamer Single-Stranded  
DNA Fragments

## Functional genomics

Dicer-Substrate siRNA (DsiRNA)  
Antisense oligos (ASOs)  
IDT miRNA Inhibitors

## qPCR & PCR

rhAmp SNP Genotyping System  
PrimeTime qPCR Assays  
PrimeTime Gene Expression Master Mix

## Specialty services

Formulation • OEM • E-commerce • Packaging • GMP • E-procurement • Integrations
